

Création d'un livre à compter à partir d'une comptine, chant, histoire créée ...

Le livre à compter comporte :

- * Une couverture comportant : un titre, une illustration, le nom de l'auteur, illustrateur, éditeur
- * Des pages intérieures avec un texte et des illustrations
- * Des illustrations sur une page et le texte en face ou à côté
- * Des nombres
- * Des chiffres dans le texte (0 à 10)
- * Des chiffres pour les pages

Les différentes étapes:

1) La couverture du livre

titre , auteur...

2) Écrire l'histoire (la dicter à un adulte) si on ne prend pas un texte déjà fait

Exemple : Dans la ferme, il y a 1 canard, 2 moutons, 3 lapins, 4 moutons, 5 vaches, 6 oies....

3) Faire les dessins : dessiner, découper des images , les décalquer

4) Coller l'histoire et les dessins sur les pages

5) Écrire le chiffre sur la page avec les différentes manières de le représenter

Résultats :

6) Concevoir la page mémo: Réunir tout les personnages de l'histoire et écrire leur nom

7) Mettre les pages dans l'ordre et les numéroter

Exemple de fiche que vous pouvez trouver sur : La classe de Zaubette

Quand le livre est fini, vous pouvez jouer avec votre enfant comme ceci :

Papa, maman, faites-moi jouer avec mon livre à compter :

Combien y-a-t-il de ? : Je trouve la bonne page et je dis le nombre correspondant à la quantité de cet objet.

Y-a-t-il plus de...ou de... ?

Y-a-t-il moins de ... ou de... ?

Je cherche les deux pages correspondant aux objets demandés et je compare.

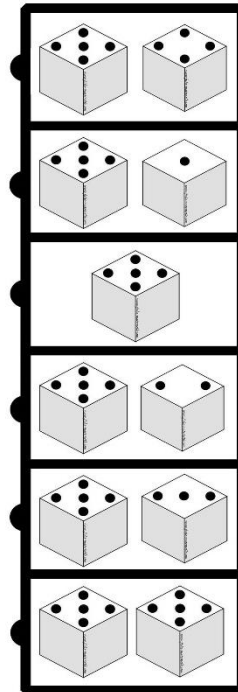

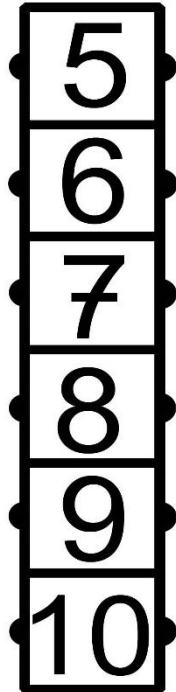

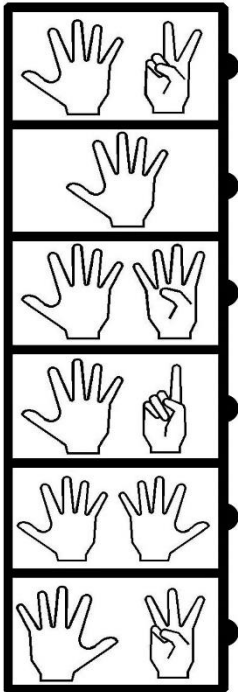

Pour quel objet la quantité est de... ? Je cherche la page correspondant à la quantité demandée et je nomme l'objet de cette quantité.

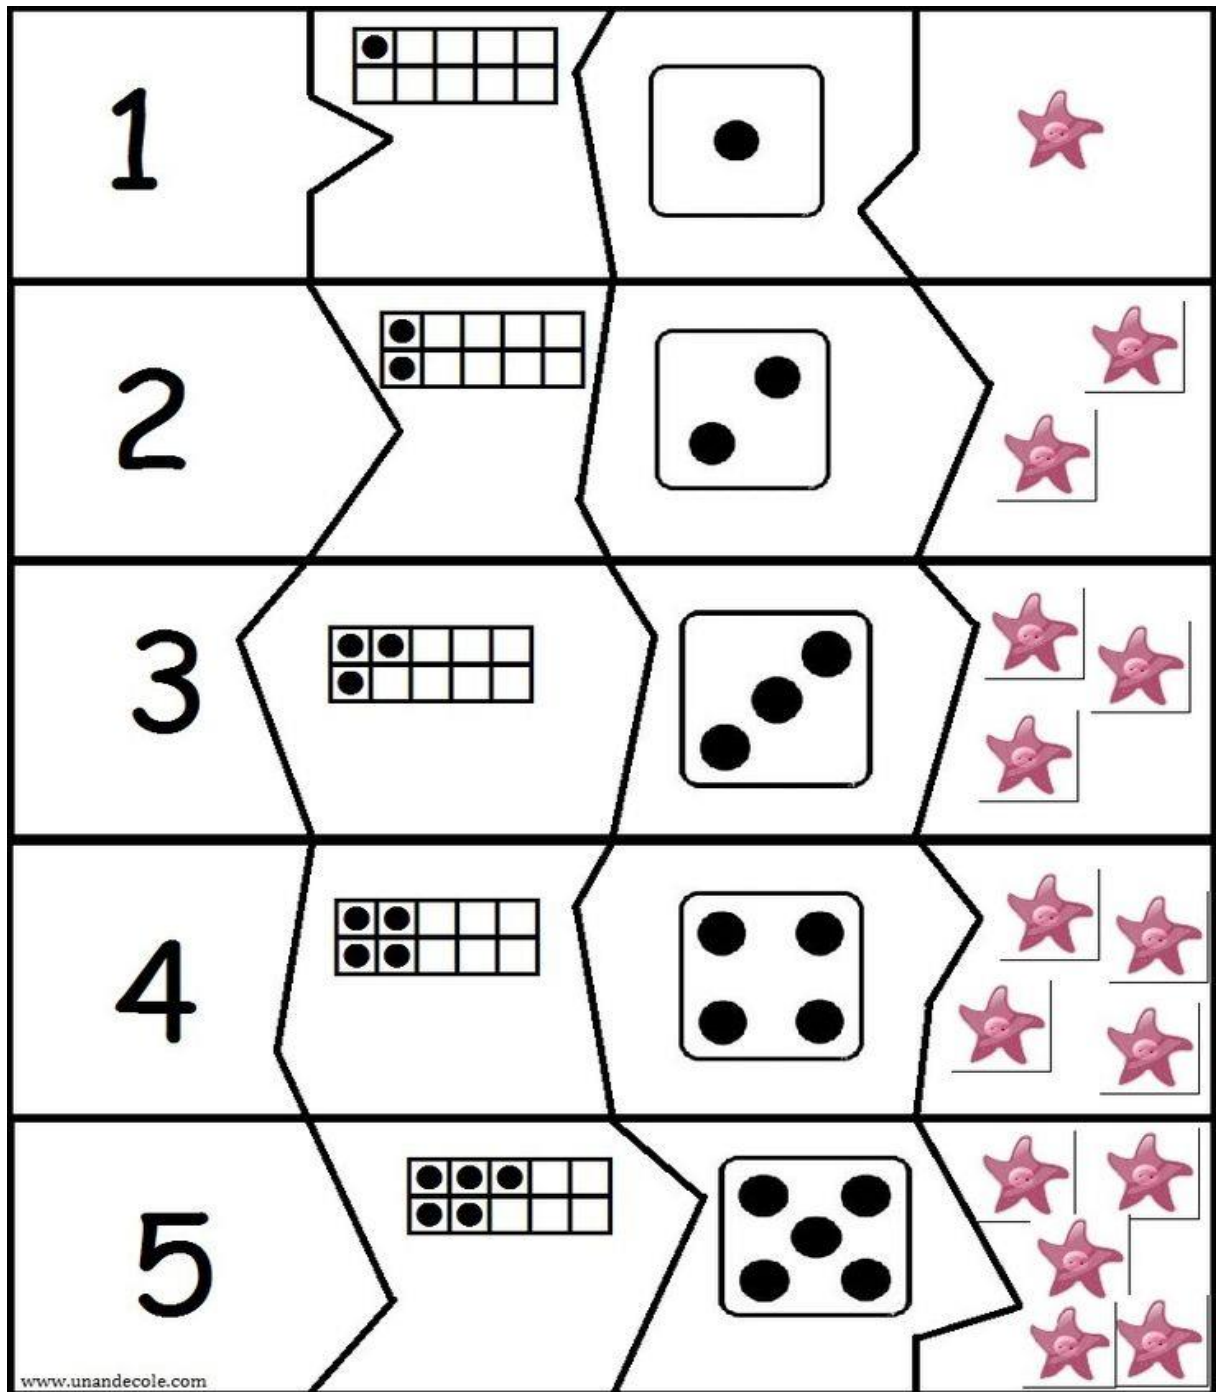

Quelle quantité sur la page d'après ? Je prends une page, je devine la quantité qui vient après. Je vérifie.

Quelle quantité sur la page d'avant ? Je prends une page, je devine la quantité qui vient avant. Je vérifie.

Je lis mon livre à l'envers. Je pars de la dernière page et je devine à chaque fois la page d'avant.

Relier les différentes représentations du chiffre

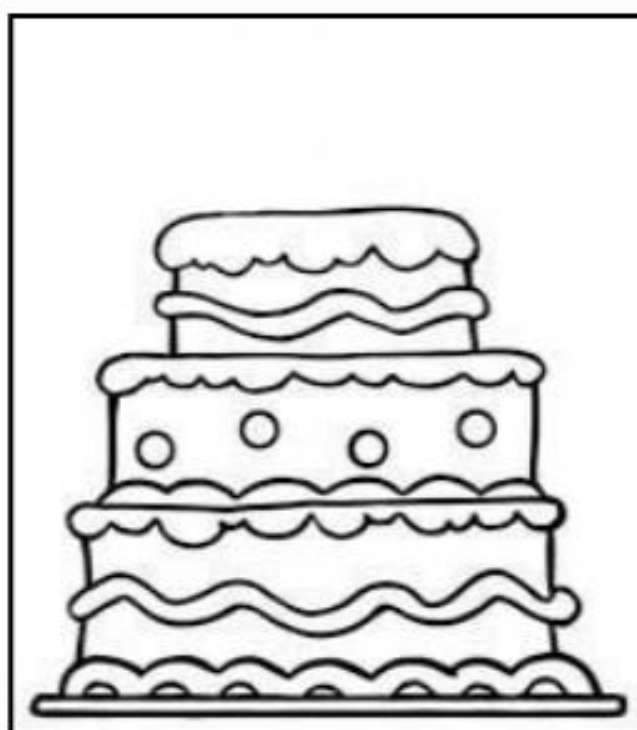

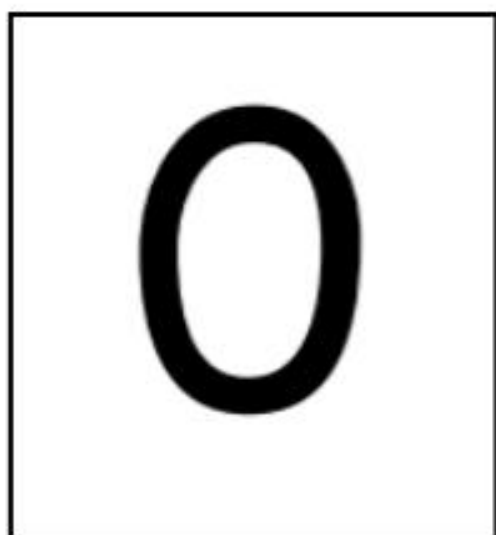

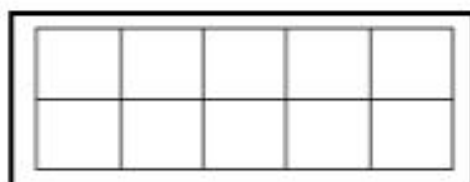

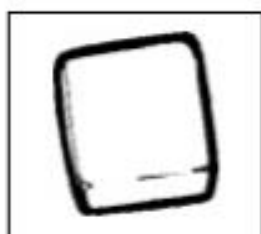

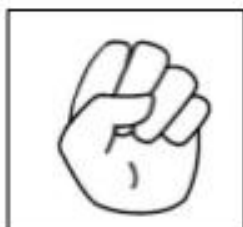

Bon amusement!

Si dessous, tu trouveras des fiches de travail sur les chiffres pour t'aider à réaliser ton livre à compter ou simplement pour t'améliorer dans l'écriture et la reconnaissance des chiffres.
